Office and Display Gardens  
380 VERNON ROAD, MT. AIRY  
PHILADELPHIA, PA.

**T**HIS form of catalogue is believed to be the most acceptable for the average buyer of nursery stock. We issue no other.

The absence of alluring illustrations and descriptions will be felt; but most persons will appreciate not having to wade through a mass of material to find their wants.

**PERSONAL.**—Your questions and planting problems are far better answered individually. That is the key-note of Meehan service. Put your problems up to us.

All details of the business are under the close supervision of the Proprietor, S. Mendelson Meehan.

**PLANS.**—Planting plans can be furnished where needed, or professional advice given, on moderate terms.

Tree-pruning, planting and all practical gardening work will be done on contract at the hands of expert men.

**UNIFORM TERMS.**—The following extracts from our general statement of terms will be of especial interest:

(1) We give 5 per cent discount for cash with straight order for plants listed in this circular.

(6) We will refurbish new plants at half the prices then current for those that may die within seven months, provided the bill be settled in full within the monthly period.

(7) All claims for damages to plants must be made within ten days of receipt of goods; and for death of plants within seven months.

(10) We charge 50 cents additional on each order under five dollars in herbaceous perennials or potted stock; and one dollar on each order under ten dollars of trees, evergreens, shrubs, etc.

**PRICES.**—On plants in quantity of any one kind we make low prices, except on trees and evergreens. Also reductions at times on a mixed collection worth \$50 or more.

Prices are for trees and plants packed ready for shipment, or for delivery within a 15-mile zone of the nursery, subject to paragraph 10.
